---

### Education

#### Randolph College – BS in Computer Science (*In Progress – Junior Year*)

- Relevant Coursework: Data Structures, Algorithms, Software Development (Web Applications), Computer Architecture and Assembly, Linear Algebra

#### Appomattox County High School – Advanced Diploma (*Graduated 2022*)

---

### Technical Skills

- **Programming Languages:** Java, Python, HTML, CSS, JS
- **Other Skills:** Git, Github, Debugging, Problem-solving

### Soft Skills

- Strong teamwork and communication
  - Creativity and adaptability
  - Punctuality and time management
  - Ability to solve problems and ask questions
  - Adaptability to change
- 

### Projects

**Poll Web Application** – Built a web application with a partner that allows users to take polls using HTML, CSS, JS. Project done with a partner and allowed me to gain valuable skills such as proficiency in web development languages, how to work in a team in a computer science application, how to set up a small scale database and connect it to my code, learned the importance of the planning stages, helped me understand what works and what doesn't work when working in a team based project.
